

Zire™ 71

It's your life. Capture it.

The Zire™ 71 handheld, with rich multimedia features, is ideal for everyday personal use.

It's just the thing for students, young professionals and even busy mums who want to keep their contacts, appointments and software all in one place, share images with family and friends, and listen to MP3 music¹ on the move.

- All your contacts, appointments and software in one place
- Built-in digital camera (640x480 VGA resolution)
- Listen to your favourite MP3 music¹
- Outstanding colour and ultra-crisp images: high-resolution screen for viewing images and video clips
- Desktop software for easy management of music, photo and video files
- Powerful 144 MHz ARM processor, 16 MB² RAM memory and new Palm OS® 5.2.1
- SMS software and e-mail with attachment viewing³
- Long-lasting rechargeable batteries

Taking photos with the built-in camera is easy:

1. Slide open to reveal the lens

2. Use the screen as a viewfinder and click to capture image

3. Store and share images

1 - Requires an SD/MultiMediaCard card, sold separately.

2 - 13.8 MB actual storage capacity.

3 - Requires a separately purchased compatible mobile phone, and Internet service (for e-mail only). Additional charges from your mobile and/or Internet service provider may apply.

Features

Listen to music
Quickly transfer MP3 files¹ from your PC onto a Palm™ expansion card using RealOne™ Player Desktop.

Go wireless
Send SMS and exchange e-mail wirelessly via a compatible mobile phone².

Game on!
The dazzling high-resolution colour screen is great for watching video clips and playing games.
